### Double Dutch Meat

The dual-purpose cow is an important producer of milk and meat. After these cows have calved several times, milk production decreases and they are given a special, rich feeding program for approximately 120 days, which increases the marbling in the meat muscle and the fat cover on the meat.

We handle your food allergy or food intolerance very carefully.  
Although cross-contamination of allergens in our kitchen is not 100% excluded

Dutch Cuisine is a foundation that stands for the new entrepreneur, cooking and food in the Netherlands. Tasteful, healthy and responsible. Here for the use of products from the Netherlands are highly recommended. URBN restaurant has connect itself to this foundation to lower our carbon footprint and use as much local products as possible.

Double Dutch Beef has a high score on sustainability. Cows from with the Double Dutch label where first milk cows. After this purpose they become the "supplier" of juicy, tender meat with a round and grassy flavor. This is meat without the "food miles" with a taste guarantee.

Green Key

The Green Key classification is the leading standard for excellence in the field of environmental responsibility and sustainable operation within the hospitality. URBN restaurant is checked yearly by Green Key to renew the certificate.

ASC stands for Aquaculture Stewardship Council. The ASC-label stands for all breeding fish, shellfish, clams and seaweed. This label has strict rules for water quality, antibiotic use, sustainable fish food and working circumstances. URBN uses only suppliers that have this label.
